12 December 1978

MEMORANDUM FOR: Chief, Management and Assessment Staff, DDA

FROM:

STAT

Plans & Systems Staff, OF

SUBJECT: Communications Support Requirements - FY 1981-1985

1.   The Office of Finance continues to have the same requirements for communications support as it did last year. No new requirements have been identified.

ILLEGIB 2.   These requirements in priority order are briefly described below:

    a.   Terminal access to the Agency's VM system
       for training purposes.

ILLEGIB

STAT

    b.   Circuitry to handle anticipated terminal and minicomputer
       installations and usage at outlying buildings, including
       stable lines with an equally stable back-up system.

    c.   Office of Communications continued participation in the CRAFT
       project in order to program their support as the system is
       designed.

3.   The above is our best estimate of requirements related to the Office of Communications. Should any additional information be required please contact me on extension
